SCOPE OF THE COMPETITION

The competition is defined by industry standards. The competition is divided into two parts: a written exam testing overall photographic knowledge and a skill performance.

KNOWLEDGE PERFORMANCE

The competition will include a written knowledge exam that assesses the overall photographic knowledge through a series of multiple-choice questions.

SKILL PERFORMANCE

The competition will include a series of hands-on performance activities assessing overall photographic mechanics and techniques.

COMPETITION GUIDELINES

- Written Test:** The test has a series of multiple-choice questions that assess photographic knowledge. Topics covered include:
 - History of photography (iconic photographers and advancements in technology)
 - Exposure controls and their effects on images
 - Lens choices given a photographic situation (sports, jewelry, studio portraits, etc.)
 - General terminology
 - Photoshop tools, workflow, processes, etc.
- Field Assignment:** The assignment evaluates the competitor's creative ability and adherence to competition guidelines. Competitors are brought to an undisclosed location to capture images based on a theme chosen by the technical committee. Competitors will then choose their best images and apply global edits and light editing before producing a contact sheet for judging. Scoring is based on:
 - Technical: exposure and focus control
 - Creative: overall use of composition, lighting, impact, etc.
 - Level of editing (edits must be global in nature and must not be overdone)
 - Competitor's adherence to time limits, location and theme
- Conceptual Assignment:** Competitors will use Adobe Photoshop to combine a minimum of three images from their chosen field assignment to produce a creative conceptual piece of art. Very few parameters are put on this competition, as it is meant to evaluate creativity.
- Portrait Studio:** Students will be evaluated on their use and understanding of studio lighting (strobes). Scoring is based on, but not limited to:
 - Standard studio portrait lighting patterns (e.g., split, hatchet, Rembrandt, loop, butterfly, broad, short, etc.)
 - Light ratios (due to a variety of teaching methods, competitors will be given a "main" light aperture setting [e.g., f/11] and a stop difference for the "fill" light (e.g., two stops)

- c. Use of a hand-held light/flash meter
 - d. Interaction with the model and posing quality
5. **Commercial Studio:** Due to the varying nature of subject, students' commercial images will be evaluated on the final photograph. Judging is based on, but not limited to:
- a. Product placement
 - b. Lighting of product
 - c. Clarity of product name
 - d. Use of props
 - e. Overall creativity and impact of image
6. **Digital Editing:** Competitors will be given images to manipulate in Adobe Photoshop. This competition evaluates the student's knowledge of professional editing techniques, including, but not limited to:
- a. Selections and refine edge
 - b. Layer masks and adjustment layers
 - c. Green screen extractions
 - d. Color correction
 - e. Resizing layers
 - f. Correct naming and formatting
7. **Troubleshooting:** Competitors will be shown a series of images that have issues commonly found in today's digital processing. Competitors must correctly identify these problems from the list provided. These problems include but are not limited to:
- a. Chromatic aberration
 - b. Barrel distortion
 - c. Aliasing
 - d. White balance
 - e. Halos
 - f. Posterization
 - g. JPEG artifacts
 - h. Parallax
8. **Print Competition:** Competitors must submit two prints produced before the competition in any category of their choice. Prints will be on public display and must *not* contain any questionable content including but not limited to: drugs, sex, violence, illegal activity, etc. Prints must adhere to the following criteria:
- a. Print size must be an 11"x14" or 10"x15"
 - b. Both prints must be mounted to a 16"x20" black foam core board (¼" thick) with a 16"x20" black over mat

 - 1.) Competitor number (given at the competition)
 - 2.) Cell phone number

- d. Prints must be brought to the first orientation meeting of the competition (Tuesday, unless otherwise announced). Prints received after the meeting will receive a penalty
