

## Sheet Metal Contest Information

**(Tentative- Information is subject to change check back often)**

By Mitchell Thomas — Last modified March 5th, 2023

---

Written testing for most contests will be held ON-LINE through your schools' Testing Liaison. Testing will be open beginning Monday, March 15th. Students will receive an email from National Skills USA for testing. The deadline for taking the on-line tests is Friday, April 7th. No provisions are being made for make-up testing on-site. **NO Substitutions will be allowed this year after April 7th** See the State SkillsUSA Director's Memo for the policy on substitutions and late registrations.

**For additional information about the Sheet Metal state contest, please contact Mitchell Thomas at 405-743-5424 or [Mitchell.Thomas@careertech.ok.gov](mailto:Mitchell.Thomas@careertech.ok.gov)**

**The contest is being chaired this year by Trent London and Judging staff will be provided by the Tulsa Sheet Metal Workers JATC.**

**Thank you! to our Chairman and Judging Staff!**

### **MOVE OUT**

After the contest, all workstations must be disassembled and prepared for shipping. Please have your contestants stack the panels neatly for transport on pallets or 4x4's to allow the forklift to get under them without re-stacking.

The contest area must be cleaned, swept, tables stacked, and all tape removed from the floor. **This is the responsibility of instructors and contestants.**

### **INDUSTRY AWARDS**

As agreed at August Conference each instructor is requested to secure a minimum of \$50.00 in prizes for each student that you bring to the State Skills USA Championships. Please contact

[Travis Snowden](#) for details and to let him/her know of industry awards you have secured. I know many of you have already been hard at work securing the awards. These awards should be labeled with the name, address, and contact person for the donating industry so that the contestant they are awarded to can send an appropriate expression of his or her appreciation.

## **TOOLS AND SUPPLIES**

### **Supplied by the Participating Schools**

- 2 – Sheet Metal Shears
- 2 – Sheet Metal Brakes
- Lock Former
