Additionally: Bill will be available on his cell phone (405-476-3646). He will probably be there by 7:00, however that will depend on how much I have to set up on that morning. If I get the info I need well in advance, then I won't have anything to do that morning except unlock the doors. If anyone wants to come the day before and leave tools in the shop, they need to get in touch with me in advance and I will make arrangements. We usually leave here by 4:30, so I they will be arriving later than that on the day before contest, we will need to make special arrangements. Tyler lives nearby and would probably be willing to run over and let them in. If they will be arriving before 5:00 then I can stay late.
